Decision Desk HQ

**MEDIA**

**Sec. of State**

**Vote Co's**

- ES&S
- Hart
- SGO Smartmatic
- Dominion
- Premier (Diebold)
- Tenex

**Mid-level Co's**

- Harp
- approx 30 others

Little or no actual  
security here with  
old, published  
passwords, etc.

Air Gap Myth

Adjudicated Ballots are totally at the whim of the operator or malicious actor. Massive numbers of ballots were routed here. They can be sent offsite, downloaded to excel spreadsheets, manipulated and then re-uploaded into the system. Audit logs in Antrim, MI. for this had been deleted, as had audit logs for any files sent or received by the system.
